To honour the spirit of Art Song's most beloved Vancouver advocate, VISI dedicates an evocation of his legacy. Harold Brown's warmth always made young performers feel that their art mattered, encouraging them to aspire and reminding them to always sing from their own humanity.

Cheer on the next generation of great singers and pianists in a concert hewn from the heartfelt poetry and music Harold Brown loved. Emerging Artists from VISI's international training program share the stage with great VISI faculty artists. Ralph Vaughan William's radiant *Songs of Travel* and Schubert's lyrical *Auf dem Strom* are reason enough to come - but your participation in the artist-audience circuit is what makes it all matter. With **Michael Robert-Broder, Drake Dantzier, Laura Loewen, Francis Perron, Joanna Schulz** & VISI emerging artists.
